## Kitsap Soccer Club Inks Three-Year Partnership With Kitsap Physical Therapy

**Bremerton, Wash.** – The Kitsap Soccer Club today finalized a three-year partnership agreement with Kitsap Physical Therapy and Sports Clinics, the leading physical therapy and sports medicine practice on the Kitsap peninsula. The firm will provide cutting-edge therapy, rehabilitation and recovery expertise, as well as other services to Kitsap's first-ever fully professional sports franchise. The club will use KPT's services and promote the firm in all of its on-going activities.

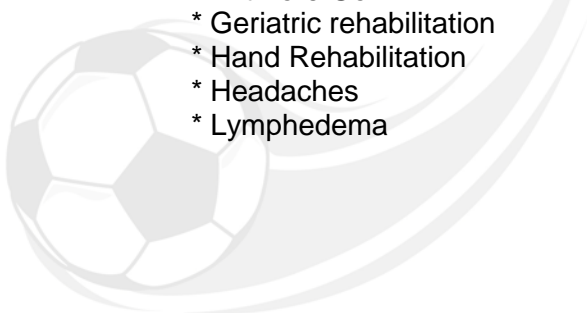

Kitsap Physical Therapy & Sports Clinics PS, Inc. is a group physical therapy practice that includes a staff of over 30 expert clinicians in eight locations across the Kitsap Peninsula. This clinician base has an average experience level of 10 years each.

"Kitsap Physical Therapy is very proud to now be the official physical therapy provider for the Kitsap Soccer Club, the first professional sports organization in the rich history of the Kitsap peninsula," said KPT's Mike Danford. "Our hope is to assist these professionals – along with the youth soccer community – so that they will flourish both at the professional level and in this community that we are so deeply rooted in."

Kitsap Physical Therapy offers the most comprehensive line of therapeutic and recovery services on the peninsula. They have a variety of specialty programs and treat a multitude of conditions:

- \* Sportsmetrics (an ACL injury prevention/rehabilitation program)
- \* Aquatic Therapy
- \* Arthritis and Osteoporosis
- \* Auto and Personal Injury
- \* Back and Neck Pain
- \* Bike Fitting
- \* Carpal Tunnel and Overuse syndromes
- \* Diabetic and Peripheral Neuropathy Treatment
- \* Fall Prevention
- \* "Fit Fore Golf"
- \* Geriatric rehabilitation
- \* Hand Rehabilitation
- \* Headaches
- \* Lymphedema
